191

The late O. E. Null bought the cabin, tore down and each log marked and: hauled to Arnett to be reassembled in original position. All of the timber in the house was

salvaged, none of it showing damage from age.

The building was placed back of O. E. Null Abstracters office and rented to L. H. Clark, former Ellis County Judge and County Attorney who used it for his law office.

The late O. E. Null, abstracter, moved from Winfield, Kansas to Grand in 1894. He lived and saw early day history in western Oklahoma, as has his son, C. A. Null. The O. E. Null & Son Abstracters was established in Arnett in 1902 and C. A. Null, with the help of his son, Bernard, and his daughter, Jaunita Page continue to operate the business.

Log Cabin Open House

Ellis County Log Cabin

The public is invited to an open house October 24, 1970, from 4 p.m. at the old Cabin on the court

house square in Arnett, Oklahoma. Remodeling has recently

the house were salvaged except two end logs which were on the ground. Roy Beardsley, Arnett, was in charge of marking the logs and supervising moving the cabin and reassembling it.

After it was moved to Arnett, the building was used by the late L. H. Clark. At one time it almost burned to the ground when a nearby building burned. The cabin still shows the scorching effects of the near-disaster.

In February, 1967, C. A. Null, for O. E. Null & Son, Inc., gave a bill of sale to the cabin to the Great Salt Plains Council, Boy Scouts of America. In June, 1968, the cabin was moved to its present location south of the old jail on the Courthouse Square in Arnett, a location provided through the courtesy of the Ellis County Commissioners, and it is now being used as a meeting place for Boy Scouts and Cub Scouts.

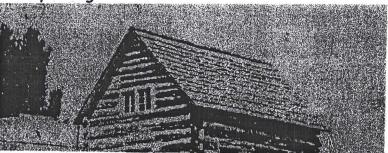

Troop 267, Boy Scouts of America, and Scoutmaster, Marshall Work, and Pack 267, Cub Scouts and Paul Huffman, Packmaster, wish to thank the hundreds of people who have donated money, time, materials and labor to the remodeling of the cabin to make it a home for the Boy Scouts, Cub Scouts and other civic organizations which will be holding meetings there. Troop 267 is sponsored by St. Alban's Lodge No. 192 AF&Am, and Pack 267 is sponsored by the Kiwanis Club of Arnett.

The Belew family are the ones that own Belewville. They have a photo of the cabin when the lean-to kitchen was attached.

Log Cabin History Being Preserved

The old cabin, located on the northeast

been completed on the cabin. It is a 2-story building of cedar logs and was originally built on the East Half of the Southwest Quarter E 1/2SW 1 /4 of Section Thirty-three (33), Township Nineteen (19), Range Twenty-one (21) W. I. M. in Ellis County, Oklahoma near where Joe Pyle Canyon and Spring Canyon intersect. The original location of the cabin was east of what is now the Cree Ranch Lodge near the east bank of the Spring Canyon. The upper part of Spring Canyon was at one time called Turkey Creek. Tom Black built the cabin in what is now Old Day County in 1893.

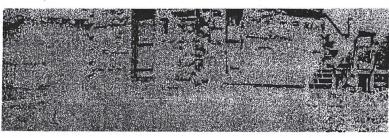

According to Lynn Black, Tom Black (first cousin of Lynn and O. A. Black), married Belle Downing who ran a post office at Downs, Oklahoma, near Okeene. Tom Black had a son, Jay Black, by his first wife, and Belle had four sons named Bill Downing, Lew Downing, Ed Downing and one whose name it now unknown, a daughter, Dora Downing, and Olive Downing, young daughter of Bill Downing. All these people lived for several years in the log cabin. At that time, there was a lean-to attached.

The land and cabin sold in 1899 to Samuel Belew who proved up on the land and secured a patent signed by T. Roosevelt, President, dated June 26, 1906. The patent was not recorded until October 14th, 1919, at 10:00 o'clock a. m. in Book 6 of Patents, page 525 records of the County Clerk of Ellis County, Oklahoma.

According to Lynn Black, the cabin was build from cedar timbers hewn from the large cedars that grew in Spring Canyon. It was constructed by Tom Black, his four stepsons, Asa Derrick and other neighbors. Some of the logs in the cabin are huge, as much as 2 1/2 feet across. The Belew family and others have used the cabin until 1939. The late Roy Lee Belew of Woodward, lived in the cabin from the age of 12 years until he was a young man.

In 1939, the late O. E. Null, recognizing the historical value of the cabin, tore it down, had each lot marked and hauled to Arnett to be reassembled near what is now O. E. Null & Son, Inc., Abstracters. All the original timbers in

corner of the courthouse lawn in Arnett, is

beautifully preserved home of an early day family. It is a reminder of the past for the pioneers who will be coming to town August 15 and 16th for the early day settlers reunion and rodeo celebration held annually in Arnett.

Thanks to the O. E. Null family, the cabin has been preserved and is a bit of history for the younger generation to view.

The building was moved from the former Belew land southeast part of Ellis County. It had been built by a relative of the late O. A. Black for some homesteaders. Later O. E. Null bought the cabin from the Belew heirs. It was located on the edge of a creek and as the banks began to cave away, the building was moved to Arnett. It was build about 1892 of red cedar logs cut on the land where it was erected.

Several years ago, C. A. Null gave the cabin to the Arnett Boy Scouts and under the supervision of Scout Master, Marshall Word, it was restored as nearly as possible to it's original state.
